

PIGMENTS AND COLORANTS	Description	Producer
BAYFERROX®	Powdered inorganic pigments based on synthetic iron oxides Shades: red, black, brown, yellow, ocher	LANXESS
COLORTHERM®	Powdered inorganic pigments Shades: red, black, brown, yellow, ocher, green	LANXESS
TRONOX®	White powder pigments containing titanium oxide Rutile types (the chloride manufacturing process)	TRONOX
HEUCODUR®	Special inorganic powder pigments based on various metal oxides	Heubach
ADHESIVES	Description	Producer
CIMENT FONDU®	Aluminous cement, hydraulic binder with a high aluminum oxide content	Kerneos
TERNAL®	Aluminous cement, hydraulic binder with a high aluminum oxide content	Kerneos
VINNAPAS®	Dispersion powders vac / a, vac / e / and another for dry mortar and plaster mixtures	Wacker Chemie AG
VINNAPAS®	Water-based polymer dispersion S / A, vac / e, I / e / vc, vac / e / vc,	Wacker Chemie AG
OSAKRYL®	Water-based acrylic, styrene-acrylate, vinyl acetate copolymers	Synthos S.A.
SYNEXIL®	Water-based polymer dispersion vac, copolymers, homopolymers	Synthos S.A.
PERGUT®	Chlorinated rubber	Bayer Sp. z o.o.
CELLULOSE	Description	Producer
MECELLOSE® FMC, PMC , EXL	Cellulose ethers (HPMC), modified water-soluble cellulose derivative for improving and regulating water retention, improve rheological properties, increasing the thixotropy	Samsung Fine Chemicals Co.,Ltd.
NATURAL FIBRE	Description	Producer
TECHNOCEL®	Cellulose fibers for dry mortar and plaster mixtures, construction adhesives	CFF GmbH & Co.KG
POLYPROPYLENE FIBRE	Description	Producer
ALP FIX®	PP microfiber preventing the formation of microcracks in the hydration process of concrete mixtures	ALPINA Polymers GmbH
ALP FIX® KRAFT	PP macrofibre increasing strength and stress parameters of concrete screeds	ALPINA Polymers GmbH
DEFOAMERS	Description	Producer
PERAMIN® DEFOAM	Powder defoamer, mixture of hydrophobic esters for self-leveling and grouting mixtures	Peramin AB
AGITAN® P	Powder defoamer for leveling and grouting	Münzing
PLASTIFICATORS	Description	Producer
PERAMIN® CONPAC	Powdered superplasticizer (polycarboxylate ether) for self-leveling compounds, grouts	Peramin AB

Bayer

PERAMIN® SMF	Powdered superplasticizer (melamine formaldehyde resin) for self-leveling compounds, grouts	Peramin AB
--------------	---	------------

ANTISHRINKAGE ADDITIVES

Description

Producer

PERAMIN® SRA	Powder additive to prevent shrinkage	Peramin AB
--------------	--------------------------------------	------------

RHEOLOGY ADDITIVES

Description

Producer

PERAMIN® RHC	Powder rheological additive	Peramin AB
--------------	-----------------------------	------------

SILICONE BINDERS AND ADITIVES

Description

Producer

RUCOSIL®	Silicone binders, hydrophobic additives, wax emulsions, and defoamers	RUDOLF GmbH
----------	---	-------------

RUCOSAN®	Waterborne and solvent impregnation, microemulsions, creams and anti-graffiti coatings	RUDOLF GmbH
----------	--	-------------

RUCOTEC®	Water-borne and solvent-fluoro silicone impregnation	RUDOLF GmbH
----------	--	-------------

RUCOMIN®	Powder defoamers and hydrophobic additives	RUDOLF GmbH
----------	--	-------------

RETARDER

Description

Producer

TARTARIC ACID	Tartaric acid for self-leveling compounds	
---------------	---	--

ACCELERATOR

Description

Producer

PERAMIN® AXL	Accelerator for self-leveling compounds	Peramin AB
--------------	---	------------

BIOCIDAL PRODUCTS

Description

Producer

PREVENTOL®	Biocidal products for water-based and synthetic paints, industrial water treatment, conservation products for construction	LANXESS
------------	--	---------

Bayer
